Placement Coordinator	Gary Kuzas	(951) 827-1474	gary.kuzas@ucr.edu

EDUCATION

Ph.D.	***Economics***	**University of California, Riverside**	**Expected 2027**
M.S.	***Computer Science***	**University of California, Riverside**	**2026**
M.S.	*Finance*	Harbin Institute of Technology	2014
B.S.	*Information and Computing Science*	Shenzhen University	2012

RESEARCH INTERESTS

Financial Economics; Machine Learning in Asset Pricing; Econometrics; Causal Inference

JOB MARKET PAPER

Forecasting Firm-Level Tail Risk with Structured Mixture Density Networks. Latest version

I develop a structured mixture density network that improves forecasts of individual stock return distributions. The model also identifies stocks with higher crash risk in bad market months after accounting for total expected shortfall and other risk measures.

WORKING PAPERS

From Startups to Stocks: Text-Based Matching and Public Equity Returns

This paper combines sentence embeddings, cross-encoder re-ranking, and large language models to match Y Combinator startups with publicly traded U.S. firms. Portfolios of matched firms outperform the S&P 500 over five-year holding periods, suggesting that startup business descriptions contain information relevant to public equity returns.

Financial Statements and the Predictability of Earnings Changes: Evidence from Neural Networks.

This paper examines whether deeper neural networks and model averaging improve the accuracy of earnings-change predictions. Portfolios constructed from model forecasts outperform the S&P 500, with higher accuracy linked to higher returns.

PUBLICATIONS

CEO Turnover and Stock Price Reactions: Evidence from China *(with Ke Peng).*
South China Finance, 2014(07), pp. 60–68.

This paper examines short-term stock price reactions to CEO turnover in Chinese listed companies using event study methodology and multivariate regression. The results provide evidence of information leakage and identify firm performance, dividend payments, and information asymmetry as factors associated with abnormal returns.

TEACHING EXPERIENCE

Instructor, UC Riverside:

ECON 101 Statistics for Economics *Summer 2025*

Teaching Assistant, UC Riverside:

ECON 002	Introduction to Macroeconomics	*Spring 2025*
ECON 003	Introduction to Microeconomics	*Winter 2024 and Summer 2026*
ECON 101	Statistics for Economics	*(10 quarters)*
ECON 102	Intermediate Microeconomics	*Summer 2023 and Summer 2024*
ECON 104A	Intermediate Microeconomic Theory	*Summer 2025*
ECON 135	The Stock Market	*Spring 2026*

Teaching Development, UC Riverside:

Completed two quarters of pedagogy coursework covering inclusive teaching, active learning, curriculum design, and teaching philosophy development. *Winter and Spring 2025*

HONORS AND AWARDS

Dean's Distinguished Fellowship, University of California, Riverside	2021
Outstanding Graduate, Harbin Institute of Technology (Sole Recipient in the Program)	2014
Outstanding Graduate, Shenzhen University (Top 5% in the Program)	2012
Shenzhen University Scholarship, Top Prize (Top 1% in the Program)	2011
Tencent Scholarship, Top Prize, Shenzhen University (One of Four Recipients University-wide)	2010

PRESENTATIONS AND SERVICE

Presentation:

Econometrics Seminar, UC Riverside Mar. 2026

Referee Service:

Journal of Business Cycle Research

PRIOR PROFESSIONAL EXPERIENCE

Guosen Securities Company Limited **Dec. 2017 – Apr. 2019**
Investment Analyst, Investment Banking Department *Shenzhen, China*

- IPO prospectus analysis, commercial due diligence, and valuation modeling.

Dongxing Securities Company Limited **Feb. 2017 – Nov. 2017**
Investment Analyst, Investment Banking Department *Shenzhen, China*

- Advised companies on IPO preparation, financial reporting, and listing requirements.

PwC **Oct. 2014 – Feb. 2017**
Senior Associate, Assurance *Shenzhen, China*

- Audited listed and pre-IPO companies and developed tools to identify accounting irregularities.

TECHNICAL SKILLS

- Python (PyTorch, NumPy, Pandas, Scikit-Learn), MySQL, Git, R, Stata, MATLAB,

PROFESSIONAL QUALIFICATIONS

- CFA® Charterholder
- Chinese Institute of Certified Public Accountants (CICPA), Non-Practicing Member
- Legal Professional Qualification Certificate, China, 2016
