EDUCATION

Ph.D.	Economics	University of California, Riverside	GPA: 3.8	2021.09 – 06.2027
M.S.	Computer Science	University of California, Riverside	GPA: 4.0	2023.09 – 06.2026
B.S.	Information and computing science	Shenzhen University	GPA: 3.7	2008.09 – 06.2012

PROFESSIONAL QUALIFICATIONS

- Chartered Financial Analyst (CFA)
- The Chinese Institute of Certified Public Accountant (CICPA)
- Chinese Legal Professional Qualification Certificate

RESEARCH

- Pricing Tail Risk via Structured Mixture Density Networks.** *Job Market Paper.*
 - Developed a Structured MDN framework to disentangle macroeconomic and firm-specific pricing channels, significantly outperforming baseline models in out-of-sample tail risk forecasting.
- Does Y Combinator Lead Industry Booms? Evidence from Sentence Embedding and LLMs.** *Working paper.*
 - LLMs outperformed sentence embeddings in selecting comparable firms, yielding stronger portfolio returns and demonstrating superior semantic understanding for investment screening.
- Predicting Net Income with Deep Learning: A Financial Forecasting Approach.** *Working paper.*
 - Showed deeper networks and model averaging improve prediction accuracy. Portfolios constructed from model forecasts outperform the S&P 500, with higher accuracy linked to higher returns.
- CEO Turnover and Stock Price Reactions: Evidence from China.** *South China Finance*, 2014(07), pp. 60–68.

PROJECTS

Advanced Algorithms Design

- Designed, implemented, and analyzed advanced algorithms and parallel algorithms across multiple computational paradigms, including randomized algorithms, high-probability analysis, max-flow, approximation algorithms, bitmask dynamic programming, nearest neighbor search, and computational geometry.

Machine Learning Implementation

- Built and deployed models including CNNs, VAEs, MLPs, Random Forests, K-Means, and DBSCAN. Applied techniques such as SMOTE, feature selection, dimensionality reduction, and data augmentation to datasets including CIFAR-10, Wisconsin Breast Cancer Diagnostic, WRDS, and public Kaggle datasets.

University of Teaching Certificate Program

- Focused on inclusive pedagogy, active learning, curriculum design, and higher education teaching philosophy.

WORK EXPERIENCE

Guosen Securities Company Limited

Investment Banking Analyst

Dec. 2017 – Apr. 2019

Shenzhen, China

- Wrote business and financial analysis sections for IPO prospectuses filed with Chinese securities regulators.
- Led commercial due diligence on high-value transactions across multiple sectors.
- Conducted valuation modeling (DCF, Comparables) for subsidiaries in pre-listing environments.

PwC

Assurance Associate

Oct. 2014 – Feb. 2017

Shenzhen, China

- Extracted financial data from 1,000+ subsidiaries using SQL for audit automation and fraud detection.
- Built analytical tools (Python/VBA) to detect irregularities in revenue, expenses, and AR/AP entries.
- Led audits for listed and pre-IPO firms, ensuring full compliance with Chinese GAAP and reporting standards.

SKILLS & Tools

- Programming & Tools:** Python (PyTorch, NumPy, Pandas, Scikit-Learn), MySQL, Git, VS Code, MS Office
- Analysis & Modeling:** Financial Modeling, A/B Testing, Causal Inference, Machine Learning, Econometrics
